About TCS iON

TCS iON is focused on empowering people and organizations with tech-led education to transform themselves for the new world. It uses uniquely built 'Phygital' platforms that overlay digital technologies over physical assets. For recruitment boards, corporate entities, and education institutions, TCS iON offers a range of interventions that reimagine and transform all the key processes. For individual learners, it offers a plethora of multi-modal learning courses imparting varied range of skills and proficiencies. With all this, TCS iON serves every stakeholder in the education domain: school students, schools, education boards, youth, colleges, universities, skilling institutes, working professionals, corporate entities and recruiting organizations.

Empowering students to be
job-ready in just 20 weeks

TCS iON
Placement Success
Programme (PSP)
Transforming Talent into
Successful Professionals

Future-ready Skilling with Placement Success

As India gears towards becoming a VikasitBharat by 2047, skill development will be the propelling force for this vision and growth. Only by harnessing the youth power and equipping them with industry relevant and job ready talent, can India shape a growth roadmap

Post-pandemic the job market and labor market indicators have recovered substantially. over the last few years , nearly all sectors have witnessed huge growth and vast potential for creating high - quality jobs at all skill levels. There are special schemes that government is initiating for fresher jobs.

TCS iON's Placement Success Programme (PSP) is an initiative, directed towards creating job-ready talent. PSP envisages imparting job-relevant skills and converting graduates/freshers into industry-ready working professionals in just 19 weeks.

70% of eligible candidates who meet the programme exit criteria and have the necessary pre-requisites for the job will be supported with a job offer.

Why TCS iON PSP? Because We Deliver Results
